

NEUSTADT

HAMBURG

ALTSTADT

The map displays a dense network of streets and landmarks in Hamburg. A prominent red outline encloses a central area, likely a specific district or a defined city center. Major waterways are highlighted in light blue, including the Binnenalster (with sub-branches like Bleichenfleet, Alsterfleet, and Mönkedammfleet) and the Mönkebergfleet. Key landmarks and buildings are shown in grey and purple, such as the Rathausmarkt, the Bourse (Stock Exchange), and the Handelskammer (Chamber of Commerce). The map also shows various smaller streets, parks, and public facilities. The labels 'NEUSTADT' and 'ALTSTADT' indicate different urban zones. The map is detailed, showing individual buildings, street names, and even smaller features like bridges and public transport stops.
